|-------------------------------|---|
| Phase 1: 7/2001-6/2002        | The initial RESPONSE to changes in requirements                                       |
| <b>Phase 2: 7/2002-6/2006</b> | <b>Sharpen the FOCUS and definition of the competencies and assessment tools</b>      |
| Phase 3: 7/2006-6/2011        | Fully INTEGRATE the competencies and their assessment with learning and clinical care |
| Phase 4: 7/2011 & beyond      | Expand the competencies and their assessment to develop models of excellence          |

**PROCESS:**

Meetings with Program Directors will be arranged through the PAMEC office in Phoenix or through the GME Directors. The EOS Group is able to provide assistance in the following areas:

- Design faculty development session to introduce the ACGME Outcomes Project
- Review curricula for ACGME competency compliance
- Assist in categorization of specialty-specific core competencies
- Adapt current evaluation tools to meet the new requirements, and/or develop new evaluation tools
- Define behaviors within each competency
- Share information between residency programs

Please feel free to contact Lynne Tomasa or any of the members of the EOS Group. We look forward to meeting with you.
